1. We have been approved and are awaiting the co-branded application for a point of sale Visa card. I will email Karen the instructions. To apply, people need to have a cell phone that receives text messages. That is the only requirement. You don't need anything for the application. This should be active today. You will have a co-branded website as well.
2. We have passed the credit committee at UGA, and we are under my plan. We are awaiting contracts and should have it today. I have been assured that this will be in place for Tuesday. Karen, Scott and I will do training
3. You currently have direct to consumer financing available through Flexxbuy on the website I provided you. <http://flexxbuy.com/tiger-creek-safari-resort/>. (This is to be used for large deals—this has a cost of \$59 per month, but it is well worth it...we can cancel at any time—it also allows refinancing).

We will make one week off after the first show and then do Houston for two weeks. Next week is crucial so we want everyone ready.

Thanks

Sean

I've been tied up with dinner tours. I will try and call after the last wave.

Brian Werner

Ok cool and thank you. Where are y'all having dinner tours?

All across the country. Mostly southwestern US

Launched 2 teams, working on 3rd

3 states, Texas, New Mexico and Colorado thos week

This

Cool

How's your sales going?

All the ones I did for Tiger Creek are solid. Have been unemployed since Houston

All the ones I did for Tiger Creek are solid. Have been unemployed since Houston

Attorney is working with Kings Lawyer on what they did

Ok well we can discuss all that when you call. I'll let you get back to your tours.

We sent over \$12,800 plus to Sean through King. Did he not pay you guys?

4 wire transfers

No. What date did you wire it to them?

Not sure, back in may and june

Why didn't you send directly to me, as I was your employee not theirs.

They said they represented you

Text Message

B

Brian Werner Tiger Creek

They said they represented you all

Our employment contract was with you not them

Maybe, maybe not...they accepted at least 2 wires with invoices they sent for commisions

That was before my sales funded so that money wasn't for me

They named you and each sales person in the alleged action through email.

I know you are pretty closely connected to them so you might want to talk to Sean

Even in response thier lawyer named each of you so clearly she represents you. This will have to play out in its course.

Text Message

B

Brian Werner Tiger Creek

I think you are a part of a proposed mediation (spelling?)

Ok. Not sure what you are referring to on an alleged action. Any money you sent them did not come to me. You are the one who is supposed to pay me per my contract with you and tiger creek. I haven't retained any attorney, so no one represents me. I know of no proposed mediation. I have not been consulted on this except to be told to check with you, as you were my employer. I just want you to pay me for what you contracted to pay me. All of my deals are 100% solid and fully funded.

Well if that's what you needed to discuss they named you so its all tied up in legal.

All I know is that we were suddenly unemployed with no

Text Message

B

Brian Werner Tiger Creek

All I know is that we were suddenly unemployed with no contact from you or josh, hotel rooms cancelled and stranded in Houston. Brian there is no legal proceeding. You have a legal obligation to pay me. They do not speak on my behalf. They were and are not my employer. You were.

What exactly was I named in?

	6000
Dixon	2495
Castro	5000
	5000

Coney	8000
Halamicek	5000

Tornga	3745

Multiple line entries demonstrate multiple methods of payment. After adjusting the expenses on the deals, the following commissions are owed:

They are speaking for you, this email

That's just a list of the deals and commissions owed.

That's not a legal proceeding

Allegedly

Yes

And includes your name.

Well yes my name is listed as it shows you owe me money. As for "Allegedly", you have the deals, you have the cash from the clients do the math and pay me my commission please

My contract was with Tiger Creek directly. I have a copy here. It's not with King or Hornbeck.

Text Message

B

Brian Werner Tiger Creek

We only pay on 100 percent funded deals that we marketed. Our auditor is working on that.

Again, they do not speak on my behalf except to report deals and commissions owed to me. Your employee.

All of mine are fully funded. I've been doing this a long time it doesn't take this long to audit them

We do not pay when litigation or the threat of litigation is made.

You have owed me this money for almost a month

I haven't threatened litigation and am no part of any litigation so you have to pay me

Not sure, auditor is going through it with attorneys

How much after product costs

Text Message

B

Brian Werner Tiger Creek

How much after product costs do you think your sales were?

I am broke and starving! Again this money has been owed for almost a month! I fulfilled my part of my contract with Tiger Creek. I expect you to do the same.

Dont include allrgeded self generated sales.

I can get you those totals. My commissions were \$5,060

These aren't self gens. These are tours that were booked in

Cannot go off what King or Hornbeck sent

So your saying your commissions are 12 percent?

And that you sold \$41,666 after product costs?

Text Message

B

Brian Werner Tiger Creek

\$42,166.66?

Typo,

I'm not asking you to. I am asking you to look at the deals and money received and pay accordingly. It doesn't take long to do that.

Any unfunded or financed are not eligible

Rough guess, that would be the approximate total. Not at home so don't have all my deal info with me

All mine are funded.

And until litigation is lifted we will have to wait, auditors still sorting

Text Message

There IS NO litigation. I am a singular employee and his employer to live up to his contract.

I have not filed any litigation nor am any part of any litigation. I can't afford dinner let alone an attorney.

Talk to King and Hornbeck, they have named you on multiple occasions

No. I'm not talking to them anymore. They are NOT MY EMPLOYER.

Apparently thier lawyer represents you

Text Message

B

Brian Werner Tiger Creek

Legally impossible as 1) I have never spoken to any attorney regarding this, 2) I have not retained an attorney regarding this, so by law I can not be a part of any litigation.

Please forward me this email to jeffweaver@me.com

I understand what you are saying, but they are saying that you are under King Consultants

Well I don't have an employment contract with them. I have one with Tiger Creek and you

You'll have to see your lawyer for email

I don't and can't afford a lawyer

Who is this lawyer that is allegedly representing me?

Ask sean

Text Message

B

Brian Werner Tiger Creek

I'm asking you! As apparently I need to contact them to have them inform you they do not represent me

Sir,
Even if you were dropped from litigation we did not receive the amounts that they cited as gross receipts after product costs.

Total the teams alleged commissions and divide that by 12 points then multiply that number by 100.

No way to be dropped from something I was never a part of. All the money went directly into your accounts. I request a full accounting of my sales and monies received and to be paid commensurate with my contract with Tiger Creek.

You will see the numbers do not

Text Message

B

Brian Werner Tiger Creek

You will see the numbers do not match up to funds received

I don't know the team sales. I just know mine

Where did this money go then, if you didn't receive it all?

I just sent it above

King Consultants

How? They don't have a merchant account?

They collected over \$12k in wires

Thier bank records show otherwise

Maybe they have another company

Who knows?

Again. I don't work for them. So

Text Message

B

Brian Werner Tiger Creek

Again. I don't work for them. So if you paid my money to them. That is a huge problem for you

Im not concerned

It will all come out in discovery

What discovery?? There is no legal action!

Brian, This is insane. There are only two companies that have not paid me in this industry. You are the second one to not pay me. You are the first one to abandon me completely. I am owed commissions on deals. We have a contract, and I am not in litigation with you. So, you, my employer, are not talking to me, refusing to pay me, and are in breach of the contract that required to give me notice of my termination. You say you have teams in three states, but I don't see where you even registered

Text Message

B

Brian Werner Tiger Creek

see where you even registered for the states. You say you didn't receive money from the sales, but most of mine were collected on credit cards that were processed and I confirmed they were processed. I hope you start to honor your word and you realize the clients expect their needs to be met and you don't look at them merely as dollar signs. We worked for Tiger Creek and withholding our commissions is not appropriate.

Are you referring to UGA money?

Im sure some was ran with UGA

You are very tight with sean and scott

No actually I'm not

I used to be. But after this last fiasco I'm done

Text Message

B

Brian Werner Tiger Creek

Nothing more to discuss until mediation or litigation is over.

There is plenty to discuss as I'M NOT IN LITIGATION WITH YOU!

We know much more than you or they realize

Then you also know you broke your contract and owe me money

Karen ran all the cards and processed the UGA so it couldn't have gone to them

They broke contract and you broke contract when you all walked off the sales floor

Wrong. There were no more tours and the day was over.

I cannot disclose what they did or didnt do

Text Message

B

Brian Werner Tiger Creek

No one called us to tell us what to do

You already have disclosed that information.

You know sales are 3 days, you also knew time and location of sales Tuesday and Wednesday

Ok

Josh told us we would be contacted

So now you know

And not to do anything

Then we were never contacted, and left stranded in Houston.

And hotel rooms cancelled

We didn't cancel rooms, king checked all of you out at 11:41am

Text Message

You're not being very truthful. I'd recommend that you contact the consultation company that you work for (King).

Ok if that's what you believe, and as you are obviously not going to pay me per my legal employment contract with Tiger Creek, then I see no further need for discussion at this point.

I never said our company wouldnt pay.
